General Information

The Group Insurance is administered by a Board of Trustees representing the Alberta Sheet Metal Workers' Health and Welfare Plan and employers participating in the Plan. Such employers are called "Contributing Employers" in this handbook.

An account is kept by the Administrator of the Fund for each member which shows hours worked for a Contributing Employer for which contributions have been made for the purchase of group insurance. This account is called an Hour Bank Account.

Each month 140 hours will be deducted from your Hour Bank Account. The number of hours in your Hour Bank Account may never exceed 1,680 hours (enough to provide 12 months of coverage even though you acquire no hours during that period). Excess hours over this amount will be credited to the general reserves of the Fund.

Changes in Insurance

If a Member's benefit coverage changes because of an amendment to the Plan, or because of a change in their age, class, dependant status, etc., the new benefits become effective on the date the change affecting the benefits occurs.

When a change results in increased benefits, the Member must be actively at work (for an eligible Employer) to be eligible for the new benefits. If he/she is not actively at work for an eligible Employer on the date the new benefits would otherwise become effective, the change will not become effective until he/she returns to work for an eligible Employer. Increased benefits for a dependant confined in hospital on the dates the new benefits would otherwise become effective do not become effective until he or she is released from the hospital. In any case, payment for services and supplies received before the date of an increase in benefits will always be based on plan benefits in effect before the change.

Eligibility

Who May Be Insured

This Plan is for members of the Alberta Sheet Metal Workers' Health and Welfare Plan who work for Contributing Employers and includes the following:

1) Union Members

Union Members are members of Local Union 8 participating in the Alberta Sheet Metal Workers' Health and Welfare Plan and for whom an employer is obligated to make contributions to the Fund.

2) Associate Employees *

Associate Employees are:

- (a) Any salaried office or employees of the Local for whom coverage under this Plan has been approved by the Trustees.
- (b) Any employee of the Trustee for whom coverage under this Plan has been approved by them.
- (c) Any other employee of certain employers for whom coverage under this Plan has been approved by the Trustees.

Union Member

You and your eligible dependents will become insured for Health, Vision, Dental, Weekly Income, MFAP, and Travel Medical Emergency on the

first day of the month following receipt of 260 hours in your Hour Bank Account, provided you are actively at work or available for work on the day you would ordinarily become insured. Should you not be working or available for work on the day your insurance would ordinarily start, the insurance for you and your dependents will be delayed until you return to work or are available for work.

* You will become insured for Life, Dependent Life, AD&D, and Long Term Disability on the first day following 260 hours have been worked

Associate Employee

Provided you work at least 20 hours per week, you and your eligible dependents will become insured on the first day of the month following receipt of 2 months of contributions from a Contributing Employer on your behalf.

Provision for Self-Pay by a Member

If at the end of any given month, a member insured under this policy fails to meet the required monthly coverage cost as determined by the rules of the Trust Fund, such member will be notified by the Administrator before his insurance is terminated and given the opportunity of contributing the necessary amount of money so that he may continue to be insured.

Provided the member continues to be in good standing with the Union, self-payments may be made on the following basis:

- 1) Active Union Members may make monthly payments equal to the coverage costs to attainment of age 70 at which point coverage ceases for the following insurance benefits:
 - for Life Insurance and AD&D – amount of coverage reduces at age 65, and upon retirement coverage is limited to the depletion of Hour Bank (if any).
 - For Dependent Life Insurance – coverage can be extended for up to 24 consecutive months and upon Member retirement coverage is limited to the depletion of Hour Bank (if any).
- 2) Active Union Members may make monthly payments equal to the coverage costs for a maximum of 6 consecutive months for Long Term Disability and Weekly Disability Income benefits, but not beyond age 60 for Long Term Disability only.

- 3) Disabled Union Members who have been declined for Waiver of Life and Accidental Death & Dismemberment insurance premiums may self-pay their Life Insurance to attainment of age 70, their Dependent Life Insurance to the earlier of attainment of age 65, retirement, or 24 consecutive months, and their Accidental Death and Dismemberment to the earlier of attainment of age 70, retirement, or 24 consecutive months, provided they continue to be disabled.
- 4) Active and retired Union members may make monthly payments equal to the coverage costs to the earlier of attainment of age 65 or 24 consecutive months with respect to the Supplementary Health and Dental Expense benefits only.
- 5) Union Members and Associate Employees receiving Long Term Disability benefits provided under Policy No. 901743 may make self-payments to maintain their Supplementary Health (including Travel Medical Emergency and Member Family Assistance Program to age 65) and Dental Expense coverage only. (This is the only time Associate Employees may make self-payments).

For Disabled Union Members (on or after July 1, 2004) and Associate Employees (on or after January 1, 2008), following 6 consecutive months of disability, the Plan will assume the applicable premium costs for Supplementary Health (including Travel Medical Emergency and Member Family Assistance Program to age 65) and Dental Expenses coverage to the earlier of 10 consecutive years, age 65, or recovery.

This provision is subject to be reviewed from time to time and it may change at the discretion of the Board of Trustees due to the financial stability of the Plan.

- 6) Active Union members may make payments equal to the coverage costs to the earlier of the attainment of age 65, retirement, or 24 consecutive months with respect to Travel Medical Emergency.
- 7) Active Union members may make payments equal to the coverage costs to the earlier of the attainment of age 65, retirement, or 24 consecutive months with respect to Member Family Assistance Program.
- 8) Retired Union Members who have been insured in the Plan for 15 consecutive years prior to retirement and have depleted (run down) their accumulated Hour Bank account, are eligible to participate in the Retiree Health Benefit Program. A monthly self-payment is

required (amount may vary subject to annual review by the Trustees) and coverage will not be extended beyond attainment of age 75 for eligible Retired Members (also eligible spouse noting coverage ceases when Member attains age 75). Coverage will include the Supplementary Health Benefit, Visioncare, Emergency Travel Accident protection (subject to 60 day duration and 90 day treatment fee stability clause), Dental, and Employee Family Assistance Program. There is no benefit coverage for Life Insurance, AD&D, nor Disability.

Reinstatement for Union Members only

If your insurance has previously terminated because of insufficient hours in your Hour Bank Account, you will again become insured on the first day of the month following receipt of 140 hours in your Hour Bank Account within a 6 calendar month period. If your insurance has not been reinstated during this period, your insurance will be reinstated on the first of the month following receipt of 260 hours in your Hour Bank Account. If your insurance is not reinstated within a 6 calendar month period, any hours in your Hour Bank account will be forfeited.

Should you not be working or available for work on the day your insurance would ordinarily become reinstated, the insurance for you and your dependents will be delayed until you return to work or are available for work.

The "Day Care Benefit" will be paid each year for 4 consecutive years, but only upon receipt of satisfactory proof that a child is enrolled in a legally licensed day care centre.

"Dependent Child" means the Employee's eligible unmarried natural, legitimate, illegitimate, adopted, step child or common law child who is principally dependent on the Employee or the Employee's Spouse for financial support.

Special Education Benefit

If an Insured Person suffers a loss of life in a covered accident while the policy is in force, Chubb Life will pay, in addition to all other benefits payable under the policy, a Special Education Benefit up to 5% of an Insured Person's Principal Sum amount, (subject to a maximum of \$5,000 per year), on behalf of any dependent child who, on the date of the accident, is enrolled as a full-time student in any post-secondary institution of higher learning or was at the 12th grade level and subsequently enrolls as a full-time student in any post-secondary

institution of higher learning within 365 days following the date of the accident.

The "Special Education Benefit" is payable annually for a maximum of 4 consecutive annual payments but only if the dependent child continues his or her education as a full-time student in an institution of higher learning.

Bereavement Benefit

When injuries covered by the policy result in loss of life of an Insured Person within 365 days from the date of the accident, Chubb Life will pay the reasonable and necessary expenses actually incurred by the spouse and dependent children of an Insured Person for up to 6 sessions of grief counseling, by a "Professional Counsellor", subject to a maximum of \$5,000.

"Professional Counsellor" means a therapist or counsellor who is licensed, registered or certified to provide such treatment.

In-Hospital Confinement Monthly Income Benefit

In the event an Insured Person sustains an injury which results in a payment being made under the Schedule of Losses, excluding the Loss of Life Benefit, and an Insured Person is hospital confined as an in-patient and is under the care of a legally qualified and registered physician or surgeon other than himself or herself, Chubb Life will pay for each full month, 1% of an Insured Person's Principal Sum amount, subject to a maximum amount of \$2,500, or 1/30 of such monthly benefit for each day of partial month, retroactive to the 1st full day of such confinement but not to exceed 365 days in the aggregate for each period of hospital confinement.

"Hospital" as used herein means a legally constituted establishment which meets all of the following requirements: (1) operates primarily for the reception, care and treatment of sick, ailing or injured persons as in-patients; (2) provides 24 hour a day nursing service by registered or graduate nurses; (3) has a staff of one or more licensed physicians available at all times; (4) provides organized facilities for diagnosis and surgical facilities; and (5) is not primarily a clinic, nursing home or convalescent home or similar establishment nor, other than incidentally, a place for alcoholics or drug addicts.

"In-Patient" means a person admitted to a hospital as a resident or bed-patient and who is provided at least one day's room and board by the

hospital.

Cosmetic Disfigurement Benefit

If an Insured Person suffers a third degree burn due to an accident, Chubb Life will pay a percentage of the Principal Sum depending on the area of the body which was burned according to the following table, subject to a maximum benefit payable of \$25,000:

Body Part	% of Principal Sum Payable
Face, Neck, Head	10%
Hand & Forearm	25%
Either Upper Arm	15%
Torso (Front or Back)	35%
Either Thigh	10%
Either Lower Leg (below knee)	25%

In the event of a 50% surface burn, the % of benefit is reduced by 50%. This table only represents the maximum percent of the Principal Sum payable for any one accident. If the Insured suffers burns in more than one area as a result of any one accident, benefits will not exceed a maximum of \$25,000.

Seat Belt Benefit

In the event an Insured Person sustains an injury which results in a payment being made under the Schedule of Losses, an Insured Person Principal Sum amount will be increased by 10% to a maximum of \$25,000 if, at the time of the accident, an Insured Person was driving or riding in a vehicle and wearing a properly fastened seat belt. Due proof of seat belt use must be provided as part of the written proof of loss.

“Vehicle” means a private passenger car, station wagon, van, or jeep-type automobile. “Seat Belt” means those belts that form a restraint system.

Identification Benefit

In the event accidental loss of life is sustained by an Insured Person not less than 150 kilometers from an Insured Person's normal place of residence and identification of the body by a "Member of the Immediate Family" has been requested by the police or a similar governmental authority, Chubb Life will reimburse the reasonable expenses actually incurred by such member for:

- transportation by the most direct route to the city or town where the body is located; and
- hotel accommodation in such city or town, subject to a maximum duration of 3 days.

The reimbursement of such expenses incurred is subject to the accidental Loss of Life benefit being subsequently payable in accordance with the terms of the policy following the identification of the body as an Insured Person. The maximum amount payable will not exceed \$15,000 for all such expenses.

Payment will not be made for board or other ordinary living, travelling or clothing expenses, and transportation must occur in a vehicle or device operated under a license for the conveyance of passengers for hire.

"Member of the Immediate Family" means spouse, parent or stepparent, child or stepchild, brother or sister, stepbrother or stepsister, brother-in-law or sister-in-law, mother-in-law or father-in-law, and son-in-law or daughter-in-law.

Exposure and Disappearance

Loss resulting from unavoidable exposure to the elements shall be covered to the extent of the benefits afforded an Insured Person. If the body of an Insured Person has not been found within 1 year of disappearance, stranding, sinking or wrecking of the conveyance in which an Insured Person was riding at the time of the accident, it shall be presumed, subject to all other conditions of the policy, that an Insured Person suffered a loss of life resulting from bodily injuries sustained in the accident covered under the policy.

Conversion Privilege

On the date of termination of employment or during the 31-day period following termination of employment, an Insured Person may convert his or her insurance to an individual ACCIDENTAL DEATH and DISMEMBERMENT only insurance policy of Chubb Life. The individual policy will be effective either as of the date that the application is received by Chubb Life or on the date that coverage under the group policy ceases, whichever occurs later. The premium will be the same, as a person would ordinarily pay when applying for an individual policy at that time. Application for an individual policy may be made at any office of Chubb Life. The amount of insurance benefit converted shall not exceed that amount issued during employment up to an all policies combined maximum of \$200,000. The individual policy will cover ACCIDENTAL DEATH and DISMEMBERMENT only.

Benefits payable under this section will be limited to only one (1) policy in the event the benefits are contained in two (2) or more policies issued to the Policyholder by Chubb Life (not applicable to the Schedule of Losses, Exposure and Disappearance and Conversion).

Recurrent Disabilities

When an Insured Employee becomes totally disabled again from the same or related causes within 6 months of cessation of the Waiver of Premiums, then all such recurrences will be considered a continuation of the same disability and Chubb Life will waive the 6 months qualification period.

If the same disability recurs more than 6 months after cessation of the Waiver of Premiums, such disability will be considered a separate disability. Two disabilities which are due to unrelated causes are considered separate disabilities if they were separated by a return to work of at least one 1 day.

“Totally Disabled or Total Disability” with respect to Waiver of Premium means disability resulting from injury or sickness which prevents engagement in an Insured Employee’s regular occupation for 6 consecutive months.

Funeral Benefit

When injuries covered by this policy result in loss of life of an Insured Person within 365 days from the date of the accident, Chubb Life will pay the actual expense incurred for preparing the deceased for burial or cremation but shall not exceed \$5,000.

The plan does not cover any loss, which is the result of:

- 1) Intentionally self-inflicted injuries, suicide or any attempt thereat, while sane or insane.
- 2) Declared or undeclared war or any act thereof.
- 3) Travel or flying in an aircraft owned or leased by the Policyholder, an Insured Person or a member of an Insured Person's household, or aircraft being used for any test or experimental purpose, firefighting, power line inspection, pipeline inspection, aerial photography or exploration.

Weekly Disability Income

In the event you become totally disabled due to an injury or sickness, you will receive a disability benefit provided you are under the continual treatment of a qualified and licensed physician.

Benefits for any one disability are payable from the 1st day of disability for injury resulting from an accident and the 8th continuous day of disability for sickness. Your benefit will be payable for not more than fifty-two (52) weeks during any one period of disability.

If following a period of disability, you return to active work for at least two weeks, a recurrence of this disability will be considered a new period of disability.

Offsets to Benefits

This benefit provides for an “Employment Insurance (E.I.) Integration” provision whereby:

- The first one (1) week of disability will be covered by the Plan. The Plan Administrator will advise you to apply for E.I. Disability benefits during the initial week.
- Weeks 2 to 16 will be covered by E.I. if available, or by the Plan if E.I. is not available.

Furthermore, the Amount payable to you under this benefit is calculated by deducting from your benefit income or benefits payable under any plan or program or any government including any plan or program established pursuant to a provincial automobile act but excluding Canada or Quebec Pension Plan benefits.

Exclusions

Benefits are not payable for:

- disability resulting from intentionally self-inflicted injuries;
- disability arising from voluntary participation in a war, riot, or insurrection;

- any portion of disability, or portion thereof, during any leave of absence (including maternity leave) as defined in the General Provisions section of this booklet, except where benefits are provided during the post-natal recovery period of maternity leave;
- for the portion of a period of disability during which you are imprisoned in a penal institution or confined in a hospital or similar institution as a result of criminal proceedings;
- for the portion of a period of disability during which the member is not under treatment by a physician;
- for the portion of a period of disability during which the member is eligible to receive benefits under any Workers' Compensation Law or any similar law; unless due proof is submitted to the Insurer that the member has been disqualified for such benefits.

Subrogation

If you are entitled to recover compensation for the loss of income from a third party as a result of the incident which caused or contributed to the disability, for which benefits are paid or payable, the Insurer will be subrogated to all your rights of recovery for loss of income, to the extent of the sum of benefits paid or payable by the Insurer. You shall execute such documents as required by the Insurer.

In the event you provide proof to the Insurer that you have not recovered full compensation for the loss of income, the Insurer shall determine the proportion of damages actually recovered and share pro rata in that amount.

Should you choose to settle the matter prior to judicial determination, it is understood that the sum reached in settlement will be deemed to be full compensation for loss for loss of income, and the Insurer's right of subrogation will apply.

The term compensation shall include any lump sum or periodic payments which you receive or are entitled to receive an account of past, present or future loss of income.

Long Term Disability Income

Member Long Term Disability Benefits

In the event that you become totally disabled for the required period of time known as the Qualifying Disability Period and you are under the continual treatment of a legally qualified physician deemed appropriate by the Insurer, you will receive a monthly income benefit.

Qualifying

Disability Period ⇒ As described in the Summary of Benefits

Monthly Benefit ⇒ \$1,500

Maximum

Disability Period ⇒ to age 60

Benefits will not be payable beyond age 60, unless you satisfy the Qualifying Disability Period while age 59, in which case benefits will be payable for a maximum of 12 months.

Total Disability

You are considered totally disabled, during the first 24 consecutive months in which you receive benefits, if you are unable to perform any and every duty of your occupation. After this period you are considered totally disabled if you are unable to perform any and every duty of any occupation for which you are reasonably qualified by training, education or experience.

Recurrent Disability

If a disability recurs and it is due to the same or related causes, it will be considered as one continuous disability and will not be subject to the Qualifying Disability Period unless you have returned to active, full-time employment for a period of 6 consecutive months or longer.

If your new disability is due to causes unrelated to your prior disability you may be eligible for a new disability period, subject to the Qualifying Disability Period, if you have returned to active work for at least one full day.

Offsets

The amount payable under this benefit for total disability is calculated by deducting from your benefit any other sources of income. These are specified in the Master Policy and include any income or benefit payable under:

- any Workers' Compensation law or similar law;
- the Canada Pension Plan or Quebec Pension Plan (primary benefits only);
- any other plan or program of any government including any plan or program established pursuant to a provincial automobile insurance act. Your benefit will be reduced in respect of benefits payable by the Employment Insurance Commission.

All Source Maximum

Your total monthly income while disabled (Long Term Disability benefit plus any income listed above and Canada or Quebec Pension Plan family benefits) cannot exceed 75% of your gross monthly earnings (for Union Members) and net monthly earnings (for Associate Employees) as of the date your disability commenced. If your total income exceeds 75% your Long Term Disability benefit will be reduced accordingly.

Waiver of Premium

Once you have started receiving Long Term Disability payments, your premiums for Long Term Disability will be waived.

Exclusions and Limitations

Benefits are not payable for the following:

- 1) For any provision of a period of disability unless you are receiving ongoing supervision/treatment by a physician deemed appropriate by the Insurer for the impairment which is causing the disability. You will not be paid for any portion of a period of disability during which you do not participate in the treatment program recommended by said physician.
- 2) For any portion of a period of disability during which you are receiving treatment by a therapist unless such treatment is recommended by a physician deemed appropriate by the Insurer.

- 3) For any portion of a period of disability resulting from substance abuse, including alcoholism and drug addiction unless you are participating in a recognized substance withdrawal program.
- 4) Disabilities resulting from self-inflicted injuries or attempted suicide.
- 5) Disabilities as a result of participation in a war, riot, insurrection or criminal act.
- 6) For the portion of a period of disability during which you are imprisoned in a penal institution; or confined in a hospital, or similar institution, as a result of criminal proceedings.
- 7) Any period of disability, or portion thereof, during any leave of absence (including maternity leave) as defined in the General Provisions section of this booklet.

Subrogation

If you are entitled to recover compensation for loss of income from a third party as a result of the incident which caused or contributed to the disability, for which benefits are paid or payable, the Insurer will be subrogated to all your rights of recovery for loss of income, to the extent of the sum of benefits paid or payable by the Insurer. You shall execute such documents as required by the Insurer.

In the event that you provide proof to the Insurer that you have not recovered full compensation for loss of income, the Insurer shall determine the proportion of damages actually recovered and share pro rata in that amount.

Should you choose to settle the matter prior to judicial determination, it is understood that the sum reached in settlement will be deemed to be full compensation for the loss of income, and the Insurer's rights of subrogation will apply.

The term compensation shall include any lump sum or periodic payments which you receive or are entitled to receive on account of past, present or future loss of income.

Healthcare Spending Account

Purpose

The Trustees have implemented a Healthcare Spending Account (H.S.A.) with allocations made, from time to time, to Insured Members in good standing with Alberta Sheet Metal Workers. If you were entitled to an H.S.A. allocation this H.S.A. will assist Union Members and their families up to their entitlement in offsetting Healthcare and Dentalcare expenses incurred above and beyond the coverage presently provided by the Alberta Sheet Metal Workers Health & Welfare Trust Fund (i.e. coverage not included in Plan parameters and expenses in excess of Plan maximums). Future allocations if any will be subject to the discretion of the Trustees considering the financial stability of the Plan etc.

Claims Procedures

For reimbursement through your H.S.A., just submit your original receipt or Insurer claims summary statement with a claim form to the Plan Administrator, Coughlin & Associates Ltd., no different than for regular claims covered by the Group Insurance Plan. Please note that the Health and Dental claim forms have been updated to allow for any remaining Health, Vision, or Dental benefit expenses not covered by the Basic Plan to automatically be applied to the extent of your Healthcare Spending Account, if any, unless you indicate on the applicable claim form that you do not want to have Coughlin apply remaining claims expenses automatically to your H.S.A. Please note that if you are submitting claims that require redirection to your spouse's plan for coordination of benefits, we will not automatically apply to your H.S.A. Subsequently, any remaining balance following coordination of benefits with your spouse's plan will need to be submitted (summary statement from your spouse's Insurer), to Coughlin in order to have the remaining portion applied to your H.S.A. For Dental claims submitted directly by your Dentist (i.e. no claim form submitted), you will need to contact Coughlin's directly if you do wish to use your H.S.A. balance.

Eligibility

For Union Members who are no longer in benefit (i.e. Retirees, Non-Working Members, Disabled), you may still make claims against your Healthcare Spending Account balance following your last day of coverage

under the Group Insurance Plan provided you maintain your good standing as a Member of the Alberta Sheet Metal Workers.

As per Canada Income Tax Technical interpretation (9431185) regulations, the Healthcare Spending Account is subject to forfeiture every 24 months.

Termination

In the event of termination of Membership from the Alberta Sheet Metal Workers, the remaining Healthcare Spending account balance will be immediately forfeited to the Trust Fund.

Death

In the event of a Union Member's death, coverage will be extended to the surviving dependants as follows:

1. Spouse – until the balance of the Healthcare Spending Account is depleted.
2. Dependent Children – until they no longer qualify as dependants under the Group Insurance Plan or the balance of the Healthcare Spending Account is depleted.

Reinstatement

Reinstatement of a Union Member's Healthcare Spending Account is not applicable as it is a requirement that a Member maintain a positive status with the Alberta Sheet Metal Workers at all times.

Marital Separation / Divorce

As per the provisions for the insured benefits, the Healthcare Spending Account will not be extended to the spouse following separation or divorce. Alternatively, eligible dependent children will continue to be eligible for participation at the discretion of the Union Member.

List of Eligible Medical Expenditures

A list of eligible medical expenses is available via the Plan Member Portal on the Plan Administrator's website at www.coughlin.ca, or by accessing the CRA website via the link, www.cra-arc.gc.ca, and searching eligible medical expenses.

To determine the outstanding balance in a Member's individual HSA, the Member should refer to his/her latest claims cheque record, monthly Member statement, or alternatively contact the Plan Administrator at (204) 942-4438 or Toll Free 1-888-204-1234, or alternatively via the Plan Administrator's website at www.coughlin.ca by clicking on "Logon" and entering a temporary password detailed on your claims summary.

Dental Expense Benefit

Member and Dependent Coverage

As the wording of this dental coverage is technically oriented, the Administrator suggests you take this booklet with you when you visit your dentist.

In the event you incur in a calendar year any of the eligible expenses listed below, you will be paid 90% of minor service, and 50% of major services and orthodontics.

Maximum Benefit

The total benefits payable are subject to the maximums specified in the Summary of Benefits

Extension of Benefits

No benefits for Eligible Expenses will be paid for claims incurred after the termination of the Master Policy or after your insurance under this coverage ceases.

Alternatively, electronic claims can also be submitted by participating dentists via Electronic Data Input (EDI).

Alternate Benefits and Submission of Treatment Plan

Where there exists more than one customarily employed and professionally adequate method of treating injury or disease to the teeth, the Administrator reserves the right to determine eligible expenses on the basis of an alternate benefit.

As a service to you, the Administrator will advise you in advance of the amount of its liability when a proposed course of treatment includes major restorative dentistry or orthodontics. To use this service, simply have your dentist complete a treatment plan on forms available from your

Union or the Administrator, including pretreatment x-rays if the proposed treatment involves crowns or bridgework.

Change in Government Sponsored Programs

The medical, dental and hospital benefits under this group insurance plan are provided in conjunction with government sponsored provincial programs. In the event coverage under any provincial program is modified, suspended or discontinued, the group insurance plan will not automatically assume responsibility for any services or products previously covered under the provincial programs.

Co-Ordination of Benefits

If you or your dependents are insured for similar benefits under another Plan (i.e. Group Health Program, or other arrangements covering individuals in a group), Manulife Financial will take this into account when determining the amount of expenses payable under this Plan.

This process is known as Co-ordination of Benefits.

Payment of Supplementary Health, Vision Care and Dental benefits shall be coordinated so that benefits from all plans do not exceed 100% of the eligible claim. For this purpose, the Insurer has a right to receive and release information on benefits and if necessary, collect any overpayments made by it.

Order of Benefit Payment

A variety of circumstances will affect which Plan is considered as the “Primary Carrier” (i.e. responsible for making the initial payment toward the eligible expense), and which Plan is considered as the “Secondary Carrier” (i.e. responsible for making the payment to cover the remaining eligible expense).

- 1) If your Spouse’s Plan does not allow for Co-ordination of Benefits, it will be considered as the Primary Carrier, and will be responsible for making the initial payment toward the eligible expense.
- 2) If your Spouse’s Plan does allow for Co-ordination of Benefits, the following rules are applied to determine which Plan is the Primary Carrier.

- **For Claims incurred by you or your dependent Spouse**

The Plan insuring you or your Spouse as an Employee/Member pays benefits before the Plan insuring you or your Spouse as a Dependent.

In situations where you or your Spouse have coverage as an Employee/Member under more than one Plan, the order of benefit payment will be determined as follows:

- The Plan where the person is covered as an active full-time Employee; then

- The Plan where the person is covered as an active part-time Employee; then
- The Plan where the person is covered as a Retiree.

- **For Claims incurred by your Dependent Child**

The Plan covering the parent whose birthday (month/day) is earlier in the calendar year pays benefits first. If both parents have the same birthdate, the Plan covering the parent whose first name begins with the earlier letter in the alphabet pays first.

- 3) If you and your Spouse are separated or divorced, the following order applies:
 - The Plan of the parent with custody of the child pays; then
 - The Plan of the spouse of the parent with custody of the child pays (i.e. if the parent with custody of the child is remarried or has a common-law spouse, the new spouse's Plan will pay benefits for the Dependent Child); then
 - The Plan of the parent not having custody of the child pays; then
 - The Plan of the spouse of the parent not having custody of the child (i.e. the parent without custody of the child (i.e. if the parent without custody of the child remarries or has a common-law spouse, the new spouse's Plan will pay benefits for the Dependent Child)).
 - A claim for accidental injury to natural teeth will be determined under Extended Health Care Plans with accidental dental coverage before it is considered under Dental Plans.
 - If the order of benefit payment cannot be determined from the above, the benefits payable under each Plan will be in proportion to the amount that would have been payable if Co-ordination of Benefits did not exist.

Submitting a Claim for Co-Ordination of Benefits

To submit a claim when Co-ordination of Benefits applies, refer to the following guidelines:

- 1) As per the Order of Benefit Payment section, determine which Plan is the Primary Carrier and which is the Secondary Carrier.
- 2) Submit all necessary claim forms and original receipts to the Primary Carrier.
- 3) Keep a photocopy of each receipt until your claim has been settled.

Once your claim has been settled by the Primary Carrier, you will receive a statement outlining how your claim has been handled. Submit this statement along with all necessary claim forms to the Secondary Carrier for further consideration of payment, if applicable.

For a proposed treatment plan which includes crown or bridgework, please ask your dentist to send the applicable x-rays with the form.
